

Leave Me Alone

William Clark Green

Where the hell are the plans you made that should've worked out
by now
Another trip on around the sun and you still haven't figured it
out
Maybe it's time that you should find advice from someone else
Here I go on 36 still arguing with myself

Leave me alone, I've got it
Leave me alone, ain't nothing worth talking about here
You've been trying to figure it out about 35 years
Just leave me alone

This ain't what you promised me at the end of these last ten ye
ars
You know you're no good at love and it ain't what you wanna hea
r
All your friends settled down by now, you still acting like a k
id
If you just left it up to me it would've never come down to thi
s

Leave me alone, I've got it
Leave me alone, ain't nothing worth talking about here
You've been trying to figure it out about 35 years
Just leave me alone

This damn thing between my ears keeps getting in the way
Don't that sound exactly like the kind of thing I'd say?

Leave me alone, I've got it
Leave me alone, ain't nothing worth talking about here
You've been trying to figure it out about 35 years
Just leave me alone, I've got it
Leave me alone, ain't nothing worth talking about here
You've been trying to figure it out about 35 years
Just leave me alone

Leave me alone
Leave me alone
Leave me alone
Leave me alone
Leave me alone
