Deathclub

William Control

The sinners crying
We're dressed like pain
The shame of knowing the guilty
The killer instinct, play this game
I know, we're nothing but filthy

You're in the Deathclub, melt so strange
You're in the Deathclub, melt so strange

We're in the Deathclub
All free to sinuate
Take your own life
Membership is pain
Were in the Deathclub
All free to sinuate
Take your own life
Silent, damned and strange

Mindless follow, velvet tears
The silent picture is perfect
The octets of the flaws and fears
I know, were nothing but servants

You're in the Deathclub, melt so strange
You're in the Deathclub, melt so strange

We're in the Deathclub
All free to sinuate
Take your own life
Membership is pain
Were in the Deathclub
All free to sinuate
Take your own life
Silent, damned and strange

Take away the fear and I'll follow
Take me half alive
I'm not running scared
Tomorrow, oh I'll survive

You're in the Deathclub, melt so strange
You're in the Deathclub, melt so strange

We're in the Deathclub
All free to sinuate
Take your own life
Membership is pain
Were in the Deathclub
All free to sinuate
Take your own life
Silent, damned and strange

We're in the Deathclub
All free to sinuate
Take your own life
Membership is pain
Were in the Deathclub

All free to sinuate
Take your own life
Silent, damned and strange

We're in the Deathclub
All free to sinuate
Take your own life
Membership is pain
Were in the Deathclub
All free to sinuate
Take your own life
Silent, damned and strange
