

Ready the Astronaut

William Fitzsimmons

Ready the astronaut
Lonely and unafraid
Looking back on the earth
Everything that he's made
Gravity left behind
Still he's afraid to fall
Ready the astronaut
He's never coming home

I was a lonely kid
Heavy and unprepared
Bullied and beaten down
Still I am running scared
Cursed with a living ghost
Still I'm afraid to fall
Ready the astronaut
I'm never coming home
I'm never coming home
I'm never coming home
I'm never coming home
I'm never coming home
I'm never coming home
