

## Downpour

William McDowell

We are dry and thirsty  
Lord, we need a saturation  
A time of refreshing  
Let Your Glory rain down  
Let it fill us to running over, running over

Open up the gates  
Flood us with Your rain  
Manifest Your Glory Lord  
We're thirsty for downpour

We can see the rain clouds  
As they gather overhead  
We're ready to see them break  
Send us living water  
Let it fill us to running over, running over

Say Yes Rain down in this place

And fill us to  
Running over  
Open up the gates  
Flood us with Your rain  
Manifest Your Glory Lord  
We're thirsty for downpour
