

Give Him Praises

William McDowell

You are the Lord God Almighty
You're perfect in everything You Do
The angles declare You are holy
And no one else compares to You
We stand in awe of Your Glory
There is no other God like You
And here in Your presence we offer You
What we were created to do

Let creation
Every nation
Generations
Give Him praises
Let the people
All His children
Lift your voices
Give Him Praises

Let all creation sing Your praise
And all Your people shout Your fame
We lift our hands up to the sky
We lift Your name on high
