

# Sweet Mystery

William McDowell

Lead us to Your heart  
We wanna be where You are  
Take us to a place  
Where all we see is You

Lead us to Your heart  
We wanna be where You are  
Take us to a place  
Where all we see is You

Fallin' on our knees  
Bowin' down in worship  
Fear is swept away  
As You draw us close

Close enough to see Your face  
And be lost in Your embrace  
In Your presence, we are changed  
And we'll never be the same

Close enough to see Your face  
And be lost in Your embrace  
In Your presence, we are changed  
And we'll never be the same

Grace, sweet mystery  
Pursued us when we turned our backs on You  
Yet with Your love, You draw us closer  
Closer to Your heart

Close enough to see Your face  
And be lost in Your embrace  
In Your presence, we are changed  
And we'll never be the same

Grace, sweet mystery  
Pursued us when we turned our backs on You  
Yet with Your love, You draw us closer  
Closer to your

Grace, sweet mystery  
Pursued us when we turned our backs on You  
Yet with Your love, You draw us closer  
Closer to Your heart

Draw me nearer, nearer, blessed Lord  
You're pullin' us closer  
Pullin' us closer  
Closer to Your heart  
Closer to Your heart  
You're pullin' us closer  
Pullin' us closer  
Closer to Your heart  
Closer to Your heart

Pullin' us closer  
Pullin' us closer

Closer to Your heart  
Closer to Your heart  
With Your love, You are (Pullin' us closer)  
With Your mercy, You are (Holdin' us closer)  
Everyday, just a little bit (Closer to Your heart)  
Closer to Your heart

Keep pullin' us close  
So much closer  
Closer to Your heart  
Closer to Your heart
