

# Brokenhearted

William Michael Morgan

Ain't no crying in your beer  
Ain't no she walked out the door  
Ain't nobody brokenhearted in country music anymore

Everybody's hookin' up, gettin' down  
Tearin' up their little town  
Loadin' up their cooler and they're headin' south, beach-bound  
Workin' on their tan  
Cuzi on a beer can  
Party every night, throwin' up their hands

Ain't no crying in your beer  
Ain't no she walked out the door  
Ain't nobody brokenhearted in country music anymore

It killed me when you left me, I thought I was your baby  
I was goin' all kinds of climb-the-wall crazy  
Searchin' for a sad one on the radio dial  
But all I heard was Smile

Everybody's hookin' up, gettin' down  
Tearin' up their little town  
Loadin' up their cooler and they're headin' south, beach-bound  
Workin' on their tan  
Cuzi on a beer can  
Party every night, throwin' up their hands

Ain't no Crying in your beer  
Ain't no She walked out the door  
Ain't nobody brokenhearted in country music anymore

I can't even find a bar  
Where I can drink alone  
'Cause everybody's dancin' to those cover band party songs

Everybody's hookin' up, gettin' down  
Tearin' up their little town  
Loadin' up their cooler and they're headin' south, beach-bound  
Workin' on their tan  
Cuzi on a beer can  
Party every night, throwin' up their hands

Ain't no crying in your beer  
Ain't no she walked out the door  
Ain't nobody brokenhearted in country music anymore

Ain't somebody brokenhearted in country music anymore?
