

# Alive

William Murphy

I'm not afraid to shine 'cause I serve the one who died  
And when he thought of me, he got up with victory  
He is the chosen one, the righteous son of God  
So death where is your sting... we've got the victory

Jesus is... alive, alive and he lives in me  
Alive, alive and he lives in me  
Alive, alive and he lives in me  
Alive, alive and he lives in me

Trouble won't change my mind 'cause Jesus you have my life  
I'm not afraid to fight 'cause victory is my light  
You've given me the keys, settled my destiny  
Everything in me dead is responding to what you said

Jesus is... alive, alive and he lives in me  
Alive, alive and he lives in me  
Alive, alive and he lives in me  
Alive, alive and he lives in me

I'm alive again because Jesus is in me [x8]

All power in his hands, in his hands, in his hands [x6]  
All power, all power, all power, all power

Jesus is... alive, alive and he lives in me  
Alive, alive and he lives in me  
Alive, alive and he lives in me  
Alive, alive and he lives in me

Jesus is... alive, alive and he lives in me  
Alive, alive and he lives in me
