

Bliss

William Murphy

There's no greater bliss
Then a presence quite like this
With You I'm satisfied
With You I'm satisfied
Every tear and all my pain
In your presence washed away
You are glorified (You are Lord)
You are glorified

There's no greater bliss
Then a presence quite like this
With You I'm satisfied
With You I'm satisfied
Every tear and all my pain
In your presence washed away
With You I'm satisfied
With You I'm satisfied

We crown you Kings of Kings
We crown you Lord of Lords
You are glorified (And you heal my body)
You are glorified
You reign upon Your throne
Your mercy overflows
You are glorified
You are glorified

We crown you King of Kings
We crown you Lord of Lords
You are glorified
You are glorified
You reign upon Your throne
Your mercy overflows
You are glorified
You are glorified

We crown you King of Kings
We crown you Lord of Lords
You are glorified
You are glorified
You reign upon Your throne
Your mercy overflows
You are glorified (And you heal my body)
You are glorified

We crown you King of Kings
We crown you Lord of Lords
You are glorified
You are glorified
You reign upon Your throne
Your mercy overflows
You are glorified (And you heal my body)
You are glorified

There's no greater bliss
Then a presence quite like this
With You I'm satisfied

With You I'm satisfied
Every tear and all my pain
In your presence washed away
You are glorified
You are glorified
You are glorified
You are glorified
You are glorified
