

# Face To Face

William Murphy

You are bigger  
You are stronger  
You are greater  
You are  
And You will cover  
You're my protector  
You are Father  
You are

To know You, Lord  
Is to love You, Lord

We know who You are  
We've experienced the glory of Your presence  
We'll never be too far away  
To see you clearly  
Face to face  
(We wanna see you) Clearly  
Face to face

We know who You are  
We've experienced the glory of Your presence  
We'll never be too far away  
To see you clearly  
Face to face  
(I wanna see you) Clearly (That's my prayer)  
Face to face

It's Your presence  
That makes all things well  
So with our humbled nights  
I offer You my worship  
And no matter what the day  
We will still give you praise  
I wanna see you clearly, oh Lord  
Face to face  
I wanna see you clearly, oh Lord yea  
Face to face

You're like heaven (You're like heaven)  
Right here on earth (Right here on earth)  
Let us praise God  
With the colors of our worship  
They will never know a day  
When we're too far away  
To see you clearly  
Face to face  
We wanna see you clearly  
Face to face

See you clearly  
Face to face  
Clearly  
Face to face  
See you clearly  
Face to face  
Clearly

Face to face

See you clearly

Face to face

Clearly

Face to face

See you clearly

Face to face

Clearly
