

Get The Glory / Be Glorified

William Murphy

Everybody knows I'm going through but I
Lord I still put my trust in you
Every second and every hour
Lord I need you I need your power
Cause your the only help I know
My only strength my only hope
And I am gonna keep my eyes on you
Remember while I'm going through
Here's my prayer.

Be glorified
Be glorified
Be glorified
Be glorified

Everybody saw me going through so I
I put my hope in you
Hope is built on nothing less
Jesus blood and righteousness
So Lord I'm gonna trust your word
Its the last good thing I heard
Specially when I am going through
Gotta keep my eyes on you here's my prayer.

Be glorified
Be glorified
Be glorified
Be glorified

For I know you take pleasure
In your finish work
You have prepared for me
For I know you take pleasure
In your finish work
You have prepared for me

Get the glory show us your glory
Get the glory show us your glory

For I know you take pleasure
In your finish work
You have prepared for me
For I know you take pleasure
In your finish work
You have prepared for me

Get the glory show us your glory
Get the glory show us your glory...
