I want you to be you

Don't change 'cause you think I might like you to be different I fell in love with you

I don't want you blond I don't want you not to swear, not to sw ept

It's you I fell in love with Your turn of phrase, your sensitivity, your irrational moves Well maybe that could go But everything else, I want you to be you

I want you to dance whenever you feel it up by the bandstand In the parking lot up on the table Well, maybe the table can go
But I want you to be you

I love what you wear 'cause you're wearing it
That shawl that clinging dress the svelte black jacket
Those leopard capris well, maybe not the capris
But I want you to be you

I love what you eat you want yogurt, you got yogurt Papaya, it's yours chewing gum, chew away I want you to be you Spit out the gum, it doesn't work

When you sleep, you're the most beautiful In the moonlight, your soft skin glows Your hair scroll on the pillow a vision The murmuring breath, the slight snore The slight snore, I want you to be you
