

Struggle

William Shatner

It's been a push.
Up and Att'em.
Go get 'em.
Suck it up.
Struggle.

It's been a rush.
First in Line
Win the race.
Best in Class
I've got to struggle.
Struggle.
Struggle.

I'm tired, now.
The body is sore, the mind is bent.
The leg's don't move.
I need a struggle.

Where do I go?
What else do I see?
Do I give up now?
Struggle.
I need to struggle.

The end is near
The dark is gathering

The black wings flutter.
Struggle.
Struggle.
I've got to struggle.

I look back at the pinhole of the past
What was that there?
Was it really there?
I look forward to the portal of the future.
Was it there?
Will it be there?

Struggle.
I need to struggle.
I NEED TO STRUGGLE!
Struggle.
I NEED to struggle.
I NEED TO STRUGGLE!
STRUGGLE!
I've got a struggle!
