

I'm So Done

William Singe

Girl, I ain't doing nothing you wouldn't ask
Broke through to your heart
But it seem like you changed that
I can't believe just what you're doing, baby
Gave you mad love but you had other plans for you
Never mind my heart
You every time expecting me to drop everything for you
And I did that with no cues zass
But that ain't enough for you
Na
I can't feel you like I used to before
We were worth so much more
I don't know where you've been or where you are now
And I can't keep doing this to myself
Gave you it all for nothing
Now we're just distant lovers
'Cause you don't deserve my loving

I'm so done with your shit
I'm so done with your shit
I'm so done with your shit
I'm so done with your shit
I'm so done with your

I'm so done with being stupid
Tryna act like I'm ruined
Everything that she doing
She can never come through, no

I'm so done with your shit
I'm so done with your shit
I'm so done with your

Shit's crazy

You know yo can have it
I'll be glad to make a habit to adapt to all the bullshit
In a timely fashion mind my fabric I establish
You just need to hit the pulpit and confess
You can't undo this shit
Unless you got a time machine on deck
You wanna leave in the morning
So, I'm letting you to back to a life before you knew my name and friends
And for a Bible's right is that the light yeah
And no way it's not your heart
Bitch put it away
It's much too late
It sucks
You played yourself
Your brain will fail
You know you're shy
You should've just stayed and still I prayed for help
'Cause I've just been sick of self on conversations
Guess I gotta open up

I'm so done with your shit
I'm so done with your shit

I'm so done with your shit
I'm so done with your shit
I'm so done with your

I'm so done with being stupid
Tryna act like I'm ruined
Everything that she doing
She can never come through, no

I'm so done with your shit
I'm so done with your shit
I'm so done with your

I don't know where you've been or where you are now
And I can't keep doing this to myself
Gave you it all for nothing
Now we're just distant lovers
'Cause you don't deserve my loving
