

# Nasty

William Singe

Make it nasty  
Know you a nasty girl (nasty)  
Know you a nasty girl (na-, nasty)  
Know you a nasty girl (nasty)  
Know you a nasty, nasty (make it nasty)

Nasty, make it clap clap  
No hands then go throw it right back back  
Yeah, I'ma fiend for that action  
Have you tied up while you dripping on the mattress  
Girl you know I'm gonna match your freak  
Got you coming every day of the week  
Yeah, tell your friend she can come too  
I'ma go to war for that kitty like I'm Sun Tzu

Keep up with me, don't let me down like that  
Girl I do it so good, I know you'll get attached  
'Cause it feels like heavy when it hurt so bad  
Baby put it on me, I like it just like that (make it nasty)

Know you a nasty girl (nasty)  
Know you a nasty girl (na-, nasty) (just like that)  
Know you a nasty girl (nasty)  
Know you a nasty, nasty (I like it just like that) (make it nasty)  
Know you a nasty girl (nasty)  
Know you a nasty girl (na-, nasty)  
Know you a nasty girl (nasty)  
Know you a nasty, nasty (I like it just) (make it nasty)

All you gotta do is hit my line when fiending baby  
It ain't complicated, I just pull up and we both get naked  
You know I never spend the night unless we going till light  
Don't speak, just show me your freak, you know we ain't gon' sleep

Keep up with me, don't let me down like that  
Girl I do it so good, I know you'll get attached  
'Cause it feels like heavy when it hurt so bad  
Baby put it on me, I like it just like that (just like)
