

Please

William Singe

I've gotten good at letting good things go
I get uncomfortable when things get comfortable
'Cause I so used to watching good things flee
So baby, pardon me, it's just a part of me, yeah

I know I fucked this up, I was in my feelings
I was in my feelings
Now I'm wide awake, staring at the ceiling

Like, why'd I say that? All those words I don't mean
Please bear with me, tryna find some clarity
I don't know why I hold back when you're all that I need
Can I take it all back please?
Why'd I say that? All those words I don't mean
Please bear with me, tryna find some clarity
I don't know why I hold back when you're all that I need
Can I take it all back please?

Now I'm switching lanes (Ooh) going like 100 (Ooh)
Know I made mistakes (Ooh) can we just discuss this?
Had to look inside myself to see it clearer now
But you might not want to hear it 'cause you hear me out

I know I fucked this up, I was in my feelings
I was in my feelings, yeah
Looking at your door, can't even believe it

Like, why'd I say that? All those words I don't mean
Please bear with me, tryna find some clarity (Please bear with me)
I don't know why I hold back when you're all that I need
Can I take it all back please?
Why'd I say that? All those words I don't mean
Please bear with me, tryna find some clarity
I don't know why I hold back when you're all that I need
Can I take it all back please?

Can we, can we, get past this?
Hold on, hold on, to what we have
Can we, can we, get past this?
Can I take it all back please?
I've gotten good at letting good things go
I get uncomfortable when things get comfortable
I can't bear to watch you watch out on me
When you're the best part of me, yeah

Like, why'd I say that? All those words I don't mean (Ooh)
Please bear with me, tryna find some clarity (Tryna find some clarity)
I don't know why I hold back when you're all that I need
Can I take it all back please?
Why'd I say that? All those words I don't mean
Please bear with me, tryna find some clarity (Tryna find some clarity, baby)
I don't know why I hold back when you're all that I need
Can I take it all back please?
