

R4L (ready 4 luv)

William Singe

If there's a reason
For the crazy tings
That I may do, it's you
I can't find anything
That I would wanna trade for you
Cos she love me good
(She love me good)
Her nigga hate me
Cos she fuck me good
(She fuck me good)
She put it down and now
I'm catching feels
(Catching feels)
Baby make me wanna buss it down
The way she built

She's a pro I know
I can hear it in her tone
Every flaw your glow
Feel your waterfall when were close
I love it when she overflows
I might lock it down
Put a ring on it, tell me you want it
Make that freaky sound
Show me you want it
When I put it on you
You won't know what to do

Shawty that a grade A killer
She put that thing on a nigga
I put that ring on her finger
Ooh girl just let me know
So are you ready for love
Because I'm ready for us

You ain't gotta worry
You just gotta show me
My pretty baby are you ready for love
Cos I'm ready for love
Tell me are you ready
Show me that you ready
Are you ready for love
Tell me that you ready for love

Yo, o, ho, o, ho
