

Slow Love

William Singe

Hey love...
How ya doing?
I was just wondering um, can I come over?
Okay, yeah

Kiss around your neck feel your body get high
Keep the door closed so nobody hears us
I'm a man of my word, I'm straight with you
Imma do the things that your man won't do
Push you up against the wall, my hands on you
Rub my fingers through your hair, it's just us two
Ain't no one interrupting, and we gon' get to loving
So baby let yourself go-o-o-o-o

I can't wait till we up in this bed
I can lay you on the counter or the sofa instead
Did you hear what I said? (This ain't just sex)
Said I wanna turn you out, (get you soaking wet)
I wanna make lo-o-o-o-ve baby,
oh I wanna make lo-o-o-o-ve

Said I can't wait till I get you all alone
Play a slow jam and put them Vicky Secrets on
Said I can't wait till I get you all alone
DJ won't you play another slow love song

Hands around your waist girl you're losing breath
Imma spread you out while we up in this bed
I don't really give a damn, about your man
Cause he can't do it the way I can
When I take you down (Baby nice and slow)
Got you gripping on the bed (Turn the lights down low)
You're screaming in the pillow, your body's getting tighter
I can see it in your face, girl I'm taking you higher

I can't wait till we up in this bed
I can lay you on the counter or the sofa instead
Did you hear what I said? (This ain't just sex)
Said I wanna turn you out, (get you soaking wet)
I wanna make lo-o-o-o-ve,
I wanna make lo-o-o-o-ve lo-o-o-ve

Said I can't wait till I get you all alone
Play a slow jam and put them Vicky Secrets on
Said I can't wait till I get you all alone
DJ won't you play another slow love song

I can't wait till you get me all alone
Show me all the things I ain't never seen before
I can't wait till you get me all alone
Baby right here is a slow love song

Yeah, damn baby
This how I like it girl
You do the damn thing right there
Eh yeah, c'mon
Eh yeah, fade away
