

The Motion

William Singe

I thought I could be that someone for you
I was your person, that's what you said, that's what you told me
I guess that's my fault, yeah that's my bad (my bad)
I used up all of your chances, on one night stands

I miss seeing your name pop up in my phone
If you get my text, won't you let me know?
I tried to get you off my mind, but time won't even allow me
Fuck all of the boundaries, I'm pulling up (where you at?) Yeah

Maybe I'm toxic, maybe a fiend
Maybe your logic won't allow you to see
All in my conscience tryna break free
Know you miss me

Stop playing, we should just fuck and make up, yeah
My baby, I can't just let that be us, uh
That's just the motion (that's just the motion)
We move on, run it back, do it over again, over again, no

Stop playing, we should just fuck and make up, yeah
My baby, I can't just let that be us, nah
That's just the motion (that's just the motion)
We move on, run it back, do it over again, over (that's just the motion)

Motion (that's just the motion), yeah
Motion (that's just the motion), yeah
Motion, yeah
Motion
