William Singe

You've been patient  
But I've been taken for too long  
Sick of waiting  
Bed for two but you're alone  
Girl I'm ready  
Know it's hard when I'm on road  
But I'm all yours

Wind it up wind it up wind it up  
And just let it go  
Stir it up stir it up  
Show me just what you waiting for  
I need a new reminder  
Been missing you at night and  
I just can't get right no  
I can't get right until I feel your

Touch  
Your touch  
Touch  
Your touch  
I can't get right until I feel your

Touch  
On my body girl jump on it  
Your touch  
Come get everything you wanted  
Touch  
If you're ready girl just let me  
Touch  
Cause I can't get right until I feel your

Picture message  
3 AM on a FaceTime  
Disconnected (damn)  
I'm so sick of this phone line  
Girl I miss it  
Need to know that your all mine  
Cause your all mine

Wind it up wind it up wind it up  
And just let it go  
Stir it up stir it up  
Show me just what you waiting for  
I need a new reminder  
Been missing you at night and  
I just can't get right no  
I can't get right until I feel your

Touch  
On my body girl jump on it  
Your touch  
Come get everything you wanted  
Touch  
If you're ready girl just let me  
Touch  
Cause I can't get right until I feel your

Touch  
On my body girl jump on it  
Your touch  
Come get everything you wanted  
Touch  
I know you're ready say you're ready baby and let me  
Touch
