

Bachelorettes On Broadway

Willie Jones

Touched down, hopped off of the plane
Had a hell of a day, gotta get me a drink
So I hopped into a car, headed straight to the bar
Poured me out little Hank (huh)
Pulled up some party buses
Girls on top like it's nothin'
Dancin' like no one's in sight
With just one girl in white

They all hopped off of the bus
Two step to the club, yeehaw, giddyup
"Look why didn't you go to Vegas?"
("We love Nashville, that shit's overrated")
Travel from far and wide
To have a good ass time (a good time)
Her new fiance should be worried, worried

Bachelorettes on Broadway
Party like every day's Friday
Swing it on over my way, my way
Bachelorettes on Broadway
Party like every day's Friday
Swing it on over my way
Yeah, Bachelorettes on Broadway

(We turn it up)
These bachelorettes on Broadway
(I see you girl)
It's a celebration, bitches

Busy city people ain't in no hurry, hurry
Around here they start the weekend early, early
Travel from far and wide
To have a good ass time (A good time)
Her new fiancé should be worried, worried

Bachelorettes on Broadway
Party like every day's Friday
Swing it on over my way, my way
Bachelorettes on Broadway
Party like every day's Friday
Swing it on over my way
Yeah, Bachelorettes on Broadway

(I see you ladies)
These bachelorettes on Broadway
Drink all day, party all night
Yeah, who's ready to get some right here?

Yeah, you know what this is
(It's a celebration bitches)
Pour some drink in your glass
Started out with class, by nightfall, trash
They travel in a pack and they match
So let's match some, on top of the bar
Shootin' 'em back, baby, back up, yeah
We in Nashville, bring that ass over here

So I know it's real, yeah
He ain't catchin' feelings but she catchin' bouquets
Drinkin' something strong like her name Lou Cage
They just wanna dance, go home, I'ma wash my hands
The bride got a man
The bride got a man? (What?)
But she blowin' me kisses
And her dude outta town, he can't witness it
So yeah, you know what this is
(It's a celebration, bitches)

Bachelorettes on Broadway
Party like every day's Friday
Swing it on over my way, my way
Bachelorettes on Broadway
Party like every day's Friday
Swing it on over my way
Yeah, bachelorettes on Broadway
(Broadway, Broadway)
These bachelorettes on Broadway
(Yeah)
These bachelorettes on Broadway
(Broadway, Broadway)
These bachelorettes on Broadway
(Bachelorettes, yeah come on girl)
(It's a celebration, bitches)
