

# Crazy Like Me

Willie Nelson

Well, I like you 'cause you're hotter than the Forth of July  
And I like you 'cause you've got that wild look in your eyes  
I like you 'cause you're reckless and free as a breeze  
I love you 'cause you're crazy like me

I like you 'cause you like to stay up all night  
And I like the way you do me when you do me just right  
You threw a weekend party and it lasted all week  
And I love you 'cause you're crazy like me  
I love you 'cause you're crazy like me

I know your momma don't care for me much  
But I believe her daddy is getting used to us  
And they're both thinking that we're out tree  
Oh, I love you 'cause you're crazy like me  
Yeah, I love you 'cause you're crazy like me

I like you 'cause you like to chug a lug of beer  
Dancing and grinning from ear to ear  
And I like it when you're buzzing like a bumble bee  
I love you 'cause you're crazy like me

I like you 'cause you got a little cushion for push  
And I like that little tattoo there on your tush  
I like you 'cause you're as sweet as sweet can be  
And I like you 'cause you're crazy like me  
I love you 'cause you're crazy like me

And I know your momma don't care for me much  
But I believe your daddy is getting used to us  
They're both thinking that we're out tree

Yeah, I love you 'cause you're crazy like me  
Yeah, I love you 'cause you're crazy like me  
Yeah, I love you 'cause you're crazy like me  
Yeah, I love you 'cause you're crazy like me
