

## It Should Be Easier Now

Willie Nelson

Now that I've made up my mind you're gone  
It should be easier now  
Perhaps now my heart will stop hangin' on  
It should be easier now  
The lesson I learned from you gold can't buy  
A heart can be broken and still survive  
Thanks to you now a much wiser man am I  
And it should be easier now  
The worst now is over I've stood the test  
It should be easier now  
They say everything happens for the best  
And it should be easier now  
The wounds in my heart you carved deep and wide  
Hollowed and washed by the tears that I've cried  
Now there'll be more room for love inside  
It should be easier now
