

My Favorite Picture of You

Willie Nelson

My favorite picture of you
Is the one where you're staring
Straight into the lens
It's just a Polaroid shot
Someone took on the spot
No beginning no end

Just a moment in time
You can't have back
You never left but your bags were packed
Just in case

My favorite picture of you
Is bent and it's faded
And it's pinned to my wall
Oh, and you were so angry
But it's hard to believe
That we were lovers at all

There's a fire in your eyes
Your heart's on your sleeve
A curse on your lips, but all I can see
Is beautiful

My favorite picture of you
Is the one where
Your wings are showing
And your arms are crossed
And your fists are clenched
Not gone but going

Stand up angel
Who won't back down
Nobody's fool, nobody's clown
You were smarter than that

My favorite picture of you
Is the one where
It hasn't rained yet
And as I recall
There came a winter squall
And we got soaking wet

A thousand words
In the blink of an eye
The camera loves you and so do I
