

## Où-Es Tu, Mon Amour / I Never Cared For You

Willie Nelson

The sun is filled with ice and gives no warmth at all  
And the sky was never blue  
The stars are raindrops searching for a place to fall  
And I never cared for you

I know you won't believe these things I tell you  
No, you won't believe  
Your heart has been forewarned all men will lie to you  
And your mind cannot conceive  
Now all depends on what I say to you  
And on your doubting me  
So I've prepared these statements far from true  
Pay heed and disbelieve

The sun is filled with ice and gives no warmth at all  
The sky was never blue  
Stars are raindrops searching for a place to fall  
And I never cared for you

And the sun is filled with ice and gives no warmth at all  
Sky was never blue  
The stars are raindrops searching for a place to fall  
And I never cared for you  
I never cared for you  
I never cared for you
