

Phases, Stages, Circles, Cycles and Scenes

Willie Nelson

Circles and cycles
Phases and stages
And scenes that we've all seen before
Let me tell you some more

Washing the dishes
Scrubbing the floors
Caring for someone who don't care anymore

Learning to hate all the things that she once loved to do
Like washing his shirts and never complaining
Except of red stains on the collars
Ironin' and cryin'
Cryin' and ironin'
Caring for someone who don't care anymore

Someday she'll just walk away
Phases and stages
Circles and cycles
And scenes that
We've all seen before
Let me tell you some more
