

## Robbed Blind

Willie Nelson

Someone stole some money  
And who, it ain't quite clear  
Stolen from my honey  
She holds my stash around here  
The cops, you know I can't involve them  
'Cause they'd only interfere  
So I hit the usual suspects  
But I drew a blank 'round them

I'm robbed blind  
I'm robbed blind

Found a letter to her  
It was from a friend of mine  
It was a plan to screw me  
That's what they had in mind  
The cops, I can't involve them  
I don't want them coming near  
'Cause this thing is getting personal  
And the picture is now quite clear

I'm robbed blind  
Yeah, I'm robbed blind  
I'm bled dry

The stash no longer matters  
And he ain't hard to find  
It ain't the money, honey  
But the heart you stole was mine  
But the cops, I can't involve them  
God knows what they could find  
But I've learned a lesson from that girl  
Whose fate is yet to be defined

I've been robbed blind  
Robbed blind  
Robbed blind  
Bled dry  
That was a damn good try  
Robbed blind  
Robbed blind  
Robbed blind  
And I'm robbed blind  
Bled dry
