

## Save Your Tears

Willie Nelson

I'm so glad that you came by to see me  
But I'm afraid that I'm not much to see  
But if those tears in your eyes are tears of pity  
Then it's best you don't shed them for me

Save your tears for the ones who are living  
It's too late for someone who has died  
And this world of mine long ago ended  
It ended when you said goodbye

You tell me the children still miss me  
And ask about me everyday  
I'd give all the world just to see them  
But it's best they don't see me this way

Save your tears for the ones who are living  
It's too late for someone who has died  
And this world of mine long ago ended  
It ended when you said goodbye
