

# When I've Sung My Last Hillbilly Song

Willie Nelson

I've roamed this whole wide world over  
Made mistakes when I knew I was wrong  
But I hope and I pray you'll forgive me  
When I've sang my last hillbilly song

Broke the heart of my darling who loved me  
Broke her heart and I know I done wrong  
But I pray that some day she'll forgive me and remember  
When I've sang my last hillbilly song

When I've sang my last hillbilly song  
When I've sang my last hillbilly song  
I hope and I pray she'll forgive me and remember  
When I've sang my last hillbilly song

When I've sang my last hillbilly song  
When I've sang my last hillbilly song  
I hope and I pray she'll forgive me and remember  
When I've sang my last hillbilly song
