

# Stranger

Willow Avalon

I love you like I love my mama  
I let her in but from a distance  
I never knew what I was missing  
Only loving from a distance

What's wrong with me?  
I don't wanna be  
A stranger to the people I love  
What's wrong with me?  
I don't wanna believe  
Everyone I love is gonna run

I trust you like I trust my papa  
He tried his best but he still fucks up  
It hurt so much when I was younger  
So I had to love him from a distance

What's wrong with me?  
I don't wanna be  
A stranger to the people I love  
What's wrong with me?  
I don't wanna believe  
Everyone I love is gonna run

What's wrong with me?  
I don't wanna be  
A stranger to the people I love  
What's wrong with me?  
I don't wanna believe  
Everyone I love is gonna run, run, run, run  
Run  
Run  
Run

What's wrong with me?
