

The News

Willow Avalon

I've been watching TV
All the current stories scare me
All the bombs and alarms blaring
And people crying
What's this world come to
All the prisoners and wrong doin'
While the politicians keep feeding us lies

Ooh
Ooh
I don't trust the news
I don't trust the news

What's the point in livin'
If we can't make the decisions
For the body that we live in
Just cause we're women
Drinking from the water
Should never be a slaughter
For our sons and our daughters
We did them wrong

Ooh
Ooh

I don't trust the news
I don't trust the news
I don't trust the news
I don't trust the news

I don't trust the news
I don't trust the news
I don't trust the news
I don't trust the news
