Willow

Do you see me? Wonder where to
Go when I don't know, go when I don't know, uh-huh, uh-huh
Go when I don't know, go when I don't know, uh-huh, uh-huh
I am so tired of being a liar, it's true
Uh-huh, uh-huh
True what do I do, true what do I do
I need to say that

I know I am no good at this, please do
What you must 'cause it's no use
Everything falls away
In time

Ah ah ah ah, ah ah ah ah
Ah ah ah ah, ah ah ah ah
Ah ah ah ah, ah ah ah ah
Ah ah ah ah
Alone
Alone

Nothing is what it seems
When you wake, when you dream
When you talk, is it not medicine for us all?
Show me something I cannot define
Nothing is what it seems
When you wake, when you dream
When you talk, is it not medicine for us all?

I'd sure like to think that but nothing is in tact
To speak to the wounds that I gave and I have

I know I am no good at this, please do
What you must 'cause it's no use
Everything falls away
In time

Ah ah ah ah, ah ah ah ah
Ah ah ah ah, ah ah ah ah
Ah ah ah ah, ah ah ah ah
Ah ah ah ah
Alone
Alone

Do you see me wandering
Alone?
Alone
