

Are You Afraid?

Willow

I've been waiting for this day
Do you feel the same way?
Will you walk towards me?
Are you afraid?

Moments
Feeling like we're everlasting
And I can't stop laughin'
I can feel the time passin'
That's the anxiety attackin'
And I've been through all the sad shit
So Ima let you have this
Baby you can never throw me off balance
Ima need a challenge

I've been waiting for this day

Are you afraid?
