Willow

And they all fell  
From the sky into my eye  
I did not cry, I felt alive  
And not so blind, anymore  
Oh, I yelled out into the atmosphere  
I hope you're here  
Oh, they say how I was gone for a long time  
But for me it was five minutes, aye  
That's relativity for you  
I could show you euphoria and you wouldn't even know, ah  
No you wouldn't even know  
It'd just be a subconscious plant in your mind  
A subconscious plant in your mind's eye

I don't know why I cry, I lie, but I  
Just feel my way through life  
And try to be that shining light  
For you and for me  
Oh, we don't get an eternity oh  
It's all an eternity  
I don't know why I cry, I lie, but I  
Just feel my way through life  
And try to be that shining light  
For you and for me

Love runs out in a flash  
I could never stick with it  
But it always sticks with me  
Love runs out in a flash  
I could never stick with it  
But it always sticks with me
