Brighter than the stars now I'm ahead of the curb
Don't get walk it out check it I walk with a slur
Levitating in my mom's all weather fur
I'mma rock the world, 'til they follow Willow

You're real major even though you're a minor

Your daddy keep you in designer
You're gully, gully, gully, yeah you're gully, kinda
OK, I'm the street fighter, call me Chun-Li
And it's going down like a bum knee
Built the guest house to put the coupe in
'Cause I'm a fireball, hadouken!
Put you under my wing, I'm the top boss
Ain't from Louisiana, but I'm hot sauce
Cut the mountain just to go and build a house off
So I ain't never got to worry what the house cost
If they coming at you, tell 'em raise up
When it's time to whip your hair, put your braids up
Tell 'em escalator, elevator, yea, that mean to step your weight up
Ain't nobody greater, Will and Jada is my neighbour hater
