hover like a GODDESS

Willow

Wanna think that I could get you into my bed
"Just meet me inside the bathroom," that's what she said
You're all that I see, not only for me, oh
To taste you is sweet, my heart is in pieces

When I walk, you fuckin' hover like a goddess
Just meet me under the covers, baby, I wish
For you to be free, my only intent's to please you
Touch is divine

The language is saying, "Oh, oh"
Our bodies are saying, "Oh, oh"
I'll never be fine if you won't be mine, oh
Oh, oh, you know I don't like to take my time
No, no, I'll never be fine if you won't be mine
I'll never be fine if you won't be mine, oh

I will never be fine if you won't be mine

You're like the ocean, comin' and goin'
I wanna surf your waves to the shore
And find what lies real deep inside
I'll be the moon to your high tide
You're addictive
So indicative of my inhibitions
So clear you couldn't miss them

The language is saying, "Oh, oh"
Our bodies are saying, "Oh, oh"
I'll never be fine if you won't be mine, oh
Oh, oh, you know I don't like to take my time
No, no, I'll never be fine if you won't be mine
I'll never be fine if you won't be mine
I'll never be fine if you won't be mine, oh
