

## "i know that face."

Willow

I know that face that you make when you're scared to see  
All the shadows in your mind  
I know you're not facing me, endlessly racing  
Let me show you what it's like to know  
Light and dark is just a place called "home"

I've been searching for what I don't know  
Maybe I'm too urgent to know it all  
Open up and see this opportunity

I know that face that you make when you're scared to see  
All the shadows in your mind  
I know you're not facing me, endlessly racing  
Let me show you what it's like to know  
Light and dark is just a place called "home"

Hard to find, indescribable  
Take your time  
I don't need to see it, just decide  
All I wanna see is your capacity  
To love

Watching you  
Baby, are you watching?  
Watching you  
Baby, can you see inside?  
Please don't hide

Watching you  
Baby, are you watching?  
Watching you  
Baby, can you see inside?  
Please don't hide

I know that face that you make when you're scared to see  
All the shadows in your mind  
I know you're not facing me, endlessly racing  
Let me show you what it's like to know  
Light and dark is just a place called "home"
