

## Poolside

Willow

They say they wanna kick it poolside  
But we're on the beach  
I don't think they can handle the real  
Think they can handle the real  
Poolside  
But we're on the beach  
I don't think they can handle the real  
Handle the real

Handle the real  
I don't need to tell 'em  
'Cause they won't understand  
I don't need to tell 'em  
I don't need to tell 'em

I don't need to tell 'em  
'Cause they won't understand  
I don't need to tell 'em  
I don't need to tell 'em

They say they wanna kick it poolside  
But we're on the beach  
I don't think they can handle the real  
Poolside  
But we're on the beach  
I don't think they can handle the real  
Handle the real  
Handle the real

They wanna kick it poolside ay  
We been on the PCH  
I grew up in the TC bay  
Nah we ain't on the same page

We're the real in the west side ay  
We're the real in the east side ay  
We're the real in the north side ay  
We're the real in the south side ay

Poolside  
But we're on the beach

I don't think they can handle the real  
Handle the real  
Because they wanna kick it poolside  
But we're on the beach  
I don't think they can handle the real  
Handle the real handle the real

I don't need to tell 'em  
'Cause they won't understand  
I don't need to tell 'em  
I don't need to tell 'em

I don't need to tell 'em  
'Cause they won't understand  
I don't need to tell 'em

I don't need to tell 'em  
They say they wanna kick it

Poolside or the Oceanside  
I'll be fine when the earth is fire  
If you wanna fly we can take a flight  
Ego strikes these are scary times  
Me no like these racist whites  
If you wanna fight we can fight the fight  
I don't even try I just live my life  
I don't wanna die but I'll die for my rights

Poolside or the Oceanside  
I'm 'a be fine when the earth is ice  
I only give love I don't take advice  
Got to resist got to fight the fight  
Me no like these racist whites  
Ego strikes these are scary times  
Creeping all up in the night  
If they pull up no we ain't gonna hide

They say they wanna kick it poolside  
But we're on the beach  
I don't think they can handle the real  
Poolside  
But we're on the beach  
I don't think they can handle the real  
Handle the real  
Handle the real
