

Rise

Willow

Now, rise, begin
Time to awaken and ask, why and when
Don't hide from the questions that rise deep within
I can't go 'round again
I can't go 'round again

Jiva Jago
I can't go 'round again
Jiva Jago
Jiva Jago
I can't go 'round again
Jiva Jago

Now, hear, be still
Let go of the things that I thought were real
The veil slipped and now I can see

Jiva Jago
I can't go 'round again
Jiva Jago
Jiva Jago
I can't go 'round again
Jiva Jago

It won't be perfect but it's time to short the circuit
Don't be nervous, run towards the light
I need to live for higher purpose, someone's knocking on the do
or
From the inside

It won't be perfect but it's time to short the circuit
Don't be nervous, run towards the light
I need to live for higher purpose, someone's knocking on the do
or
From the inside

Jiva Jago
I can't go 'round again
Jiva Jago
Jiva Jago
I can't go 'round again
Jiva Jago
