

# Wait A Minute!

Willow

Wait a minute  
I think I left my conscience on your front doorstep, oh oh  
Wait a minute  
I think I left my consciousness in the sixth dimension  
But I'm here right now, right now  
(Right now, right now)  
Just sitting in a cloud, oh wow  
I'm here right now, right now with you, oh wow, oh wow  
(Right now, with you)  
I don't even care  
I'll run my hands through your hair  
You wanna run your fingers through mine  
But my dreads too thick and that's alright

Hold on, wait a minute  
Feel my heart's intention, oh  
Hold on, wait a minute  
I left my consciousness in the sixth dimension  
Left my soul in his vision  
Let's go get it, oh, oh  
Let's go get it, oh, oh

Some things don't work  
Some things are bound to be  
Some things, they hurt  
And they tear apart me  
You left your diary at my house  
And I read those pages, do you really love me, baby?  
Some things don't work  
Some things are bound to be  
Some things, they hurt  
And they tear apart me  
But I broke my word, and you were bound to see  
And I cried at the curb  
When you first said, "Oel ngati kameie"

Hold on, wait a minute (Oh)  
Feel my heart's intention  
Hold on, wait a minute  
I left my consciousness in the sixth dimension  
Left my soul in his vision  
Let's go get it, oh, oh  
Let's go get it, oh, oh

Some people like to live  
Some just tryin' to get by  
Some people like that hurt  
Some just rather say goodbye, bye

Hold on, wait a minute  
Feel my heart's intention, oh  
Hold on, wait a minute  
I left my consciousness in the sixth dimension  
Left my soul in his vision  
Let's go get it, ah, ah  
Let's go get it, ah, ah  
(Let's go get it)

(Mmh)  
(Let's go get it)  
(Mmh)
