

## Your Love V2

Willow

I love you  
More than you could ever know  
I love you  
Even when the snow is falling  
Mm but how did you know  
Ooh you swept my heart  
Said those words  
You cradled me exactly the way I  
Needed to feel good

Your love, your love  
Your love, your love  
Your love, your love  
Love  
Ooh!

I'm touching your face  
No need to cry  
You're hearing my heart and  
You're risking your life  
This love is deep  
I can see in the sky  
'Cause we're floating together  
And we're going so high

Too bad we don't ever see each other  
Too bad!  
My emotions change like the weather  
And I'm sad!

I just wish that I had time for  
The plastic morals that I never had

They're gone now!  
They're gone now!  
They're gone now!  
Whoo!

Lalalalala  
Whoo!
