

Enchanté

Willy William

(It's YouNotUs)

Enchanté, enchanté
When the lights are low
What's your name? What's your name?
I just gotta know
Can you stay 'til the mornin'? It feels like I'm fallin' in love
Allez, enchanté

Je ne sais quoi, got my eyes on you
Straight to my heart in your high-heel shoes
Dancin' around with all your friends, you smile and then
We sip red wine 'til our lips turn blue

Hold up
Don't walk away, na-na
Head rush
You got me seein' stars
You're beautiful, I gotta say, eh-eh-eh
I swear you take my breath away

Enchanté, enchanté
When the lights are low
What's your name? What's your name?
I just gotta know
Can you stay 'til the mornin'? It feels like I'm fallin' in love
Allez, enchanté

Enchanté, enchanté
What's your name? What's your name?
Can you stay 'til the mornin'? It feels like I'm fallin' in love
Allez, enchanté

When we wake up in a hotel room (Yeah, yeah)
If I say love, would it be too soon? 'Cause
I don't wanna end this, summer time in Paris with you
So you just stay here in my arms and listen

Hold up
Don't walk away, na-na
Head rush
You got me seein' stars
You're beautiful, I gotta say, eh-eh-eh
I swear you take my breath away

Enchanté, enchanté
When the lights are low
What's your name? What's your name?
I just gotta know
Can you stay 'til the mornin'? It feels like I'm fallin' in love
Allez, enchanté

Enchanté, enchanté
What's your name? What's your name?
Can you stay 'til the mornin'? It feels like I'm fallin' in love
Allez, enchanté
