

Joy

Wilson Phillips

Love won't wear a price tag
List, phone, come and shopping bags
You know you gotta feel it
You know you gonna hear it
It's everywhere
It's in the air
Joy, joy, joy
Joy, joy, joy

We just come
December's here
We're not alone
This time in year
Share joy
Share joy with someone near
This Christmas

Love won't hate
Love is peace, hope and happiness
You know you gotta feel it
You know you gonna hear it
It's everywhere
It's in the air
Joy, joy, joy
Snowy weather
Joy, joy, joy
And we're together

We just come
December's here
We're not alone
This time in year
Share joy
Share joy with someone near
This Christmas
This Christmas

It's a season
There's a reason
It's a season

Joy, joy, joy
Snowy weather
Joy, joy, joy
And we're together

We just come
December's here
We're not alone
This time in year
Share joy
Share joy with someone near
This Christmas

We just come
December's here
We're not alone

This time in year
Share joy
Share joy with someone near
This Christmas
