

I'm Drifting

Wilson Pickett

I'm drifting in alone
Singin' a little song, oh yes I am
Ain't got a penny in my pocket
Ain't got a place to call my own, oh no I ain't
But I heard of a place where a party's is going on
Oh yes I have
'Til I find that place, got to keep drifting alone, yeah

I got a few more roads to travel
A few more places I got to see, oh yes I have
'Til I find what I'm looking for, there won't be no rest for me
Oh no no
'Cause I heard of a place where a party's going on
Oh yes I have
'Til I find that place, got to keep drifting alone, oh yes

Oh yeah

You know I heard of a place
Where a party's going, oh yes I have
'Til I find that place, got to drifting in alone
Oh yeah, oh yeah

I'm drifting, can't you see me drifting
You know I'm searchin', searchin' for that party
I know they swingin', I know they groovin'
I got find it, oh yeah
I got find it, if I keep on searchin'
I got to find it, oh yeah
I got to find it, oh yes I am
Talkin' about that party
Alright, party
