

That Kind Of Love

Wilson Pickett

Soothe me, with your tender love
Soothe me, 'til I get in love
Move me, while the feeling's gone
Move me, oh, with your sweet soul

That kind of lovin' a man like me (That kind of lovin')
That kind of lovin' all I need (That kind of lovin' is all I need)
That kind of lovin' a man like me (That kind of lovin')
Who's got to love me now (Hoo, baby)

Hold me, while the lights are low
Hold me, 'til it's time to go
Groove me, while the groovin' time
Groove me, make me feel so fine

That kind of lovin' a man like me (That kind of lovin')
That kind of lovin' all I need (That kind of lovin' is all I need)
That kind of lovin' a man like me (That kind of lovin')
Who's got to love me now (Hoo, baby)

Love me, 'cause I need a lot
Love me, a-with all you got
Take me, while the feeling's gone
Take me, make me feel at home

That kind of lovin' a man like me (That kind of lovin')
That kind of lovin' all I need (That kind of lovin' is all I need)
That kind of lovin' a man like me (That kind of lovin')
Who's got to love me now (Hoo, baby)

Oh!
Uh, lord

Love me, under the moon above
Love me, a-with your true love
Soothe me, while the soothin' time
Soothe me, make me feel so fine

That kind of lovin' a man like me (That kind of lovin')
That kind of lovin' all I need (That kind of lovin' is all I need)
That kind of lovin' a man like me (That kind of lovin')
Who's got to love me now (Hoo, baby)
Oh child (That kind of lovin')
Huh, got to tell the world (That kind of lovin' is all I need)
Oh child, yeah, ha (That kind of lovin' make me sweet)
Got to, got to, got to, got to, got to, got to tell the world
Yeah (Hoo baby)

(That kind of lovin') Alright, oh
(That kind of lovin' is all I need) Yeah, lord I need
(That kind of lovin')
