

## Clover

## Wind And Fire Earth

Gonna send a message  
how I feel  
to the lady that's for real  
Done thought it over  
Feels real fine  
Her name is Clover in my mind

Gotta send this message on my mind  
Can't shake this feelin'  
Ain't hard to find,  
Oh Clover, Mystery come to my rescue  
Make sense of me

Oh think, I love her...  
In my heart's...  
A Clover
