

I'd Rather Have You

Wind And Fire Earth

Of all the loves I've had in my life
I'd rather have you
Whoever they were, no matter how nice
They can't compare

Scheming on wealth isn't my thing
I'd rather have you
Wealthy or not
We'll always have so much to share

'Cause I know that I'll love you forever, you're mine
I wouldn't take riches for your love
(There's nothing in this world I'd rather have than you)
(I just can't stay away, I love you, bow, bow, bow, bow, bow, bow, bow, bow)
(I love you, bow, bow, bow, bow, bow, bow, bow, bow)

Even the sun is nothing to me
I'd rather have you
The warmth that it gives soon would grow cold
If you weren't near

'Cause I know that I'll love you forever, you're mine
I wouldn't take riches for your love
There's nothing in this world I'd rather have than you
I just can't stay away, I love you (Bow, bow, bow, bow, bow, bow, bow, bow)
(I love you) Love you (Bow, bow, bow, bow, bow, bow, bow, bow)

(I love you, bow, bow, bow, bow, bow, bow, bow, bow)
(I love you, bow, bow, bow, bow, bow, bow, bow, bow)
Yes, I do

Of all the loves I've had in my life, my darling
(I love you, bow, bow, bow, bow, bow, bow, bow, bow)
I'd much rather have you, you
(I love you, bow, bow, bow, bow, bow, bow, bow, bow)
I need the warmth of the sun if I didn't have the love of you
You

(I love you, bow, bow, bow, bow, bow, bow, bow, bow)
I love you, I love you
(I love you, bow, bow, bow, bow, bow, bow, bow, bow)
