

Insensitive

Wind And Fire Earth

You like to socialise
I like to be alone
When you want some time away
I like to stay at home

People expect more of someone else
But never the same of themselves
You seem to think I'm so far away
Believe me, my heart gets closer every day

Love's insensitive
Unless we take the time to appreciate
Love's insensitive
Until we learn the meaning of 'give and take'

Insensitive

Tell me about it, girl
Don't keep me hanging on
Girl, what can't you understand?
What's taking us so long?

Love is an uncovered mystery
It's real, but it's so hard to touch (Oh yeah)
Even two lovers get in the way
Girl, light it up [?], I love you so much

Love's insensitive
Unless we take the time to appreciate
Love's insensitive (Oh yeah)
Until we learn the meaning of 'give and take'

I'm insensitive
No matter what you think, girl, my love is true (Girl, my love is true)
Love's insensitive
Unless you're givin' back what love gives to you (Babe, babe, baby)

Love's insensitive (Love)
Unless you take the time to appreciate (Oh, lalalalalalala)
Love's insensitive (Oh, love)
Until we learn the meaning of 'give and take' (Lovin' you, baby)

I'm insensitive
No matter what you think, girl, my love is true (Girl, my love is true)
Love's insensitive
Unless you're givin' back what love gives to you (Just lovin' you, baby)

Oh yeah
Know my love is true, yeah
Oh
