

Reasons

Wind And Fire Earth

Now, I'm craving your body, is this real
Temperature's rising, I don't wanna feel
I'm in the wrong place to be real

Whoa and I'm longing to love you just for a night
Kissing and hugging and holding you tight
Please let me love you with all my might

Reasons, the reasons that we're here
The reasons that we fear
Our feelings won't disappear

Oh! And, after the love game has been played
All our illusions were just a parade
And all our reasons start to fade

After all our reasons why
All our reasons were a lie
After all our reasons love was left aside

I'm longing to love you for one night
Please let me love you with all of my might, baby

Ooh, baby!

Yeah, reasons, the reasons that we're here
The reasons that we fear
Our feelings won't they won't disappear

And after the love games have been played
All our illusions were just a parade
And all the reasons start to fade

And in the morning when I rise
No longer feeling hypnotized
For no reasons, our reasons, our reasons
Have no pride

After all our reasons why
All our reasons were a lie
After all our reasons love was left aside

Ooh baby

I can't find the reasons
That my love won't disappear
Can't find the reasons
Why I love you, baby, my dear

Can't find the reasons
Wanna love you all night
Can't find the reasons
Gotta squeeze you real tight

Can't find the reasons
Baby, yeah, for my tears
Can't find the reasons

Why I love you
