

Rock And Stone

Wind Rose

Do I hear a "Rock and Stone"?!
Rock and stone!
Do I hear a "Rock and Stone"?!
Rock and stone!
Do I hear a "Rock and Stone"?!
Rock and stone!
Rock and stone!
Rock and stone!

Rock, stone, rock and stone
Rock, stone, rock and stone
Rock, stone, rock and stone
Rock and stone!
Rock and stone!

Made from the ground
Born on the mountains
Hired by a company far away
Bands made of dwarfs
Of Deep Rock Galactic
Hit the stone on a planet unknown

Under the stars
Cannons and courage
Drilling the deep tunnels of the mine
Down miles away
Up for the forage
Through the rocks we are making our way

Together we stand, divided we fall
You don't rock and stone, you ain't comin' home
As brothers in arms, forever we sworn
The dwarfs reunite as one

Fight for rock and stone and storm in the mine!
We are digging all the day and we are partying all the night
Leave no dwarf behind and jump in the hole
We are standing all together, we're not asking you for more
Fight for rock and stone and storm in the mine!
We are digging all the day and we are partying all the night
Leave no dwarf behind and jump in the hole
For the brothers and for Karl we will rock and stone tonight!

Rock, stone, rock and stone
Rock, stone, rock and stone
Rock, stone, rock and stone
Rock and stone!
Rock and stone!

Made from the ground
In fast evolution
With the technologies of their race
Bands made of dwarfs
Of Deep Rock Galactic
Drive their crafts in the infinite space

Under the stars

Calling for Bosco
Gathering ores deep into the mine
Down miles away
Inside the Drop Pod
Through the rocks we are making our way

Together we stand, divided we fall
You don't rock and stone, you ain't comin' home
As brothers in arms, we're fighting to earn
A place in Memorial Hall

Fight for rock and stone and storm in the mine!
We are digging all the day and we are partying all the night
Leave no dwarf behind and jump in the hole
We are standing all together, we're not asking you for more
Fight for rock and stone and storm in the mine!
We are digging all the day and we are partying all the night
Leave no dwarf behind and jump in the hole
For the brothers and for Karl we will rock and stone tonight!

Rock, stone, rock and stone
Rock, stone, rock and stone

Fight for rock and stone and storm in the mine!
We are digging all the day and we are partying all the night
Leave no dwarf behind and jump in the hole
We are standing all together, we're not asking you for more
Fight for rock and stone and storm in the mine!
We are digging all the day and we are partying all the night
Leave no dwarf behind and jump in the hole
For the brothers and for Karl we will rock and stone tonight!

Rock, stone, rock and stone
Rock, stone, rock and stone
Rock, stone, rock and stone
Rock and stone!
Rock and stone tonight!
